### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bill Conger on August 4, 2006.

The application has been amended as follows:

In claim 14, please replace that claim portion that begins with "and optionally..." and ending with "coating composition" with

-- and wherein the product is not subsequently equilibrated --.

Applicant had been advised that claim 14 and many of the claims dependent therefrom were still regarded as being anticipated by Herzig et al. because the organopolysiloxanes (4) were described in sufficiently broad terms so as to embrace those siloxane polymers that contained both organo substituents and hydrogen atom substituents. Applicant proposed that the claims be amended in the manner outlined above as a means of overcoming the prior art because Herzig requires that the polymer previously equated with the antimisting additive of the present claims is formed by equilibrating a product obtained from starting materials corresponding to (1) and (2) with an organohydrogensiloxane comprising internal Si-H groups. This product is

unquestionably different from the product that is realized were no equilibration reaction to have followed. Accordingly, the rejections over Herzig et al. are hereby withdrawn.

All matters on record are suitably resolved with this amendment. An updated survey of the prior art did not yield a reference more germane than those already cited. Accordingly, claims 14-31 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc S. Zimmer whose telephone number is 571-272-1096. The examiner can normally be reached on Monday-Friday 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571-272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
